HISTORY

Faith Outdoor Advertising Company services clients with utmost expertise and commitment to quality, reliability and professionalism. We adapt to the latest trends in advertising to suit the needs of our valued clients.

Established in 1992, we began as a single proprietorship that supplies billboards and signages.

1992

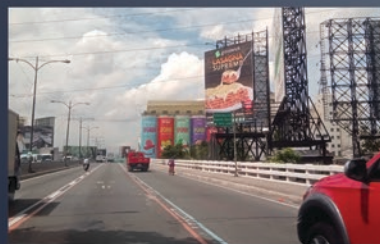

1995

When outdoor signages were still handmade, we were able to procure some of the most skilled painters in the metro.

As the demand for more attractive forms of advertising grew, we added neon signages to light the brands day and night.

2000

2002

Dedicated and driven, we transitioned to photo realistic billboard designs to give our company a more competitive stand in the field of advertising.

The future of digital. Boards are fast growing and we built our first of many LED billboards towards the end of 2020.

2018

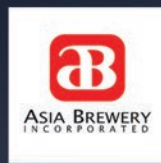

Present

As we approach the changing times, the company is on its way to adding more digital platforms to better serve the needs of our clients.
